EMERGENCY SHOWERS AND EYEWASHES - SHOWERS AND EYEWASH ACCESSORIES

Visual and audible alarm for shower / eyewash (explosive atmospheres)

The alarm kit works simultaneously in combination with the Emergency Equipment when the Shower / Eyewash is activated by the user, allowing to alert to first aid team.

Optionally, it sends an operation signal to the control room of the facility.

This ATEX alarm kit is suitable for Zone 1 (other specifications under request).

Supply conditions under request.
