EMERGENCY SHOWERS AND EYEWASHES - SHOWERS AND EYEWASH SPARE PARTS

Platform valve G1-1/4"

Self-draining valve for platforms:

- Automatic operation.
- Instant opening.
- Delayed closing to avoid water hammer (causing breakdowns in pipes and hydraulic installations).
- Self-draining function that purges residual water from the Emergency Equipment. Draining stagnant water prevents the proliferation of bacteria and avoid it from freezing at low temperatures.

WATER INLET PRESSURE: Recommended 2 bar / Min. 1.5 bar / Max. 4 bar
